We want to bring this dream into everyone's home because with our creations you can change a room, change mood and even change your lifestyle, that's why we want to inspire people to decorate their environments and the world around them.

WELCOME TO NIKKOLOR ITALIA, THE FASTEST GROWING ITALIAN COMPANY.

We are committed to offering you the best range of products, focusing on supply, technical support and customer service.

We remain true to the vision of our founders when they started the company in 2012, from our humble beginnings in a small garage of just 60 m² located in Floridia in the province of Siracusa, to today's state-of-the-art manufacturing facility of 3000 m², Nikkolor Italia has served the decorative paint industry for professionals and craftsmen with quality products for over a decade.

Still independently owned and operated by our founders, the skilled team at Nikkolor Italia works diligently to provide the same level of service that originated in that small garage in Floridia, all those years ago.

Our employees are very proud of the heritage of Nikkolor Italia and are constantly committed to ensuring a highly professional service.
